I. Adopt Agenda

III. Consent Agenda

A) Course inactivations (courses not offered in over two years and/or being removed from program requirements)

- 1) ABT 66 Introduction to Geographic Information Systems (3 units)
- 2) ABT 67 Intermediate GIS with Applications to Agriculture (3 units)
- 3) ABT 91 Irrigation Practices and Materials (3 units)

**This item was pulled from the consent agenda for separate discussion and vote. The VPAA indicated that two of the courses had been offered in the last two years. Agriculture faculty commented that the enrollments in ABT 66 and ABT 91 were poor and that there was difficulty finding faculty to teach them. It was indicated that they were not sure ABT 67 had never been offered. They are being removed from degree requirements. A comment was made that difficulty hiring faculty was not a Curriculum Committee issue and shouldn't be a reason for inactivating a course or removing it from the degree.**

**Approved MSC (11 Yes, 2 No)**

B) Correction of course title errors in AS in Computer Science, Network and Security option degree page

- 1) CSS 55 should be CSS 55: Systems and Network Administration and CSS 56 should be CSS 56: Storage Management and Virtualization

**Approved MSC**

IV. Two Reading Course Items, First Reading, No Action

A) LSK

- 1) LSK 1 Introduction to College and Accommodations (1.5 units)

**There was a question about whether the course was better as a transfer level course or a noncredit course. Faculty indicated that the course would be similar to COU 1 in some ways but focus on the students' accommodations, how they work, students' responsibilities, and how students will advocate for themselves with those accommodations. Currently this information is provided to students in individual meetings and the course would be more effective.**

B) PEIN

- 1) PEIN 28 Intercollegiate Beach Volleyball (3 units)
